

K-LOVE radio serves me by giving me an option to commercial radio, I can support K-LOVE if I choose.

If K-Love was to be replaced by an LPFM, my choice in this matter would be eliminated and it would be just another radio station that I probably would not want to hear.

K-LOVE provides an option that is family freindly and that is an option that we cannot ignore in these increasingly vulgar times.

Please do not replace this sation with an LPFM.
